DATASHEET TRS-60

Round Profile Ø60 LED strip light

SPARTA

TRS-60

Description

A round Ø60 mm suspended profile for LED strip, in the SPARTA linear light family. The extruded 6063 aluminium body carries an internal platform for LED strips under a frosted PC cover, closing with two end caps – one with a wire hole for the feed – to hang as a clean tubular light line. Stocked in 1 m to 4 m lengths, with customized lengths available.

Design Capability

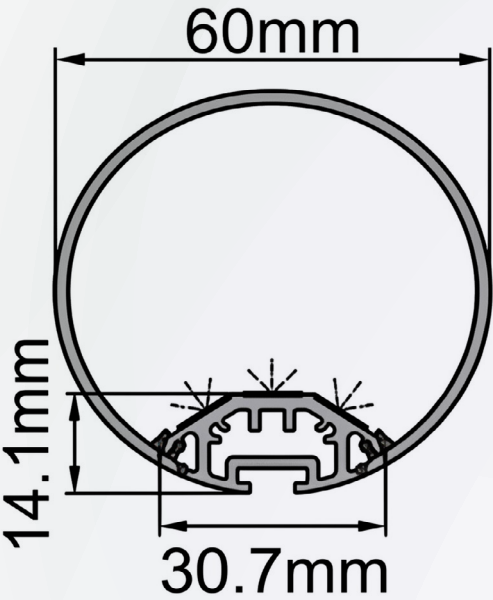

- Commercial lighting
- Indoor lighting
- Decorative lighting
- Suspended tubular strip runs in hospitality, retail and residential interiors.

Key Feature

- **Round Ø60 mm section**
